SEDALIA, MO.

TUESDAY, MAY 23, 1893.

## SEDALIA BRIEFS.

The pupils of Mrs. R. T. Miller's seminary enjoyed themselves picnicking on the banks of Brush creek yesterday.

J. F. Sewell has gone on a business trip to Iowa and M. H. Scruggs has charge of the business during his absence.

A street car was struck by lightning while coming up East Third street last night. The car was completely disabled.

Miss Minnie E. Moore, living on South Missouri avenue, has been sick for the past few days, but was up and about yesterday.

Pearle Gilbreath, the colored girl who was sent to jail last week for petit larceny was liberated to-day, having served her time out.

The camp-meeting tent in East Sedalia that was blown down a few days ago, has been erected again, and business is resumed at the old stand.

A deed was filed in the recorder's office Saturday, conveying from Joseph Ray to Donahoe & Hughes, lot 15, block 4, Smith & Cotton's addition to Sedalia.

A colored child, nine months old, died of whooping cough on near Georgetown Saturday. It is said that the disease is quite prevalent out in that vicinity, especially among the colored children.

A festival for the benefit of the East Sedalia Baptist church was held Friday evening at the residence of J. H. Barker. Those who attended report a good and profitable time.

Patsy Rogers has been promoted from the position of breakeam to that of conductor on the north division of the M., K. & T. It is a deserving tribute to Patsy's integrity and stick-to-itiveness to business.

The most amusing thing that took place Saturday was the carrying of the arguments in a lawsuit before a justice of the peace down on the street by the attorneys in the case.

A young and smooth faced faker was doing the people on Main street yesterday afternoon and evening, by selling them cheap (?) a lot of shoddy goods and worthless jimcracks. He was accompanied in his chin music by two "coons" and a banjo much out of tune. The "suckers" did not bite very voraciously.

At a meeting of the Chautauqua board held last week it was decided to hold the meeting at Association park, kick or no kick, as the park was deemed the most suitable place for holding it. The board of control was filled by appointing new members in the places of those who resigned some time ago for "cause."

"Fatty," Sedalia's noted artist, has painted, in oil, an exquisite sign for Pehling Bros., tobacconists. The trade mark is done in gold and aluminum silver leaf. An open cigar box, filled with *Bon Fines*, is most naturally and delicately done. "Fatty" has certainly surpassed himself in this beautiful and dainty piece of work.

The Christol-Davis athletic combination was to have given an entertainment at the opera house last night. The inclement weather prevented many of the lovers of the manly arts attending, consequently the entertainment was declared off, the opera house closed and the few who presented themselves turned away.

The Pirates of Penzance should not fail to draw a large house Tuesday night as the cause is a most excellent one and the opera itself is as tuneful as a running brook. Sedalia needs a city hospital and every encouragement should be given to the ladies who are endeavoring to establish it.

The worthy committee on streets and alleys of the city council is having much worry just at present in an endeavor to purchase a street roller for the city. This it was instructed to do at a council meeting a short time ago. The result of the committee's inquiry has been to bring representatives of roller manufacturers galore to the city. The committee has so many pleasing propositions that it is in a quandary as to which to recommend to the city council, which meets Monday evening in special session.

## Death of Doctor Hurt.

Dr. M. V. Hurt, dentist of East Sedalia, died last evening at twenty minutes past six o'clock, at his residence 907 East Third street, of pneumonia. He had been sick only one week.

Dr. Hurt was born and reared in Pettis county. Had lived all his life of fifty-one years in Georgetown and Sedalia. He leaves a wife and seven children, three boys and four girls, the oldest a grown son and the youngest a one-year-old babe, and one brother and two sisters, all living in Sedalia.

The funeral will take place from his residence, Monday, at two o'clock p. m.

## School Board Meeting.

The board of education held a meeting Saturday for the consideration of school matters. The principal business transacted was the establishing of the teachers' pay roll for next year. It was not materially changed from that of last year.

The election of teachers was deferred until Monday evening. While the applicants are upon the anxious seat regarding the election of teachers the board thought that as there will probably be so few changes in the personnel of the teachers that more important business should be transacted to-day and the election of teachers made the special order of business at the Monday night's meeting.

## THE COMING OF EULALIE.

We welcome thee, we welcome thee,  
Charming, pretty Eulalie,  
Thou art a princess fair to see—  
Eulalie.

Thou comest from a foreign shore  
So goodly now, so grand of yore,  
So rich in legendary lore—  
Eulalie.

The royal blood of sunny Spain  
Flows freely in each purple vein.  
Ah! thou shalt in our bosoms reign—  
Eulalie.

Columbus, with his gallant crew,  
Across the ocean, wide and blue,  
Made centuries since, a path for you—  
Eulalie.

The tearful bidding of farewell,  
The tempest-stricken caravel,  
His daring spirit could not quell—  
Eulalie.

But round thy ship the sunny sea  
Was gracious as a maid would be,  
When thou went sailing, fair and free—  
Eulalie.

The heavens hovered over you,  
The winds were tender as they blew,  
And kissed your cheeks, as lovers do—  
Eulalie.

We welcome thee, we welcome thee,  
Charming, gracious Eulalie,  
Thou art a princess fair to see—  
Eulalie.

Our ways are plain, our lands are new,  
But there remains with us for you,  
Devotion deep, affection true—  
Eulalie.

And when thou goest back again  
Across the broad Atlantic main,  
To yonder castles built in Spain—  
Eulalie.

We'll send with you our love along,  
Enshrouded in story and in song,  
With memories sweet and strange and strong—  
Eulalie.

We welcome thee, we welcome thee,  
Gracious, blue-eyed Eulalie,  
Thou art a princess fair to see—  
Eulalie.

—George W. Ferrell.

## HERE'S FUN.

The Ballots in the Teacher's  
Contest Will be Published  
Every Day.

The contest in which the friends of a number of teachers have worked incessantly in their behalf, is still possessed of unabated interest. In fact it may be said, that it takes on new interest every day, now that the time approaches for the decision to be reached. Owing to this interest, commencing to-morrow, the number of ballots received will be published every day, no ballots being counted after one o'clock p. m. Friends of the teachers should now put in their best ticks and push their favorite to the top of the list. The score for to-day is as follows:

## Good Circuit Court.

The last two terms of the circuit court have been singularly prolific of results. At the beginning of the January term there were 274 cases on the docket exclusive of tax suits. One hundred and twenty-five of these were disposed of at that term and 102 were disposed of at the May term, just closed. In the meantime there has been filed about 100 new suits. This leaves the docket in better shape than it has been for years. Judge Field called the entire docket at the May term and an opportunity was afforded every litigant to have his case set for trial. At an adjourned term to be held on the 6th of August next, the tax suits will be heard and determined.

## "Shy Clear of Sedalia."

The word has been passed around among the itinerant bum fraternity, to "shy clear of Sedalia or the coppers will collar you dead sure." At least this is what one of them informed an officer, after he was dragged down off the top of a passenger coach, and made to give an account of himself. Since the word has been passed around, the number of tramps have become so distressingly few, that the police court is robbed of half its interest. The approach of summer may bring them along.

—It is, to say the least, wrong for anybody to go to church or public meeting, and disturb the preacher or orator coughing. Use Dr. Bull's Cough Syrup at once.

## Motion For a New Trial.

In the criminal court this morning Judge Parmelee presiding, Boone Dodge by his attorney, P. D. Hastain, filed a motion for a new trial in the case of Dodge vs. Wood. Of course the motion will go over to the next term to be argued. Of course attorneys are privileged to do most anything that is honorable, from a legal standpoint, to win their case. Hence Mr. Hastain is perfectly justifiable in filing the motion in question, but Mr. Dodge, from the evidence, "tell down" in his case, and he had better drop the matter and eschew theatrical entertainments forever unless he can pay.

And such stories and incidents of that country, since he left there forty years ago, as he will tell, will make one's hair stand. But after all, he will be welcomed home by numberless friends who have known him from boyhood.

—Don't!—If a dealer offers you a bottle of Salvation Oil without labels or wrappers, or in a mutilated or defaced package, don't touch it—don't buy it at any price, you can rest assured that there is something wrong—it may be a dangerous and worthless counterfeit. Insist upon getting a perfect, unbroken, genuine package. Price 25c.

## A Cutting Affair.

Charles Parish and Robert Ferguson got into an altercation in Sullivan's saloon in East Sedalia last night. During the altercation Parish drew a pocket-knife and cut Ferguson on the breast. Ferguson was taken home, and Officer William Scally started in pursuit of Parish, who barricaded himself in his parents' home in the east end. Admission was refused the officer. Not being armed with a warrant and also not being an eye witness of the affair, the officer could not enter the house without permission. Consequently no arrest was made last night.

Ferguson is painfully but not seriously injured.

Ferguson and Parish both are young men and reside with their parents in East Sedalia and are both railroad employees.

## WHAT WE LEARNED.

The doctors are gone with their pills and their lances  
And left us alone in the same circumstances,  
Except that we know more of Latin and  
Grecian.

Of chords that are spinal and limbs with a  
lesion;  
Of "prolapse of bladder" and then gynaecology;  
Of "prostatic surgery" and many an oblong;  
Of limbs artificial and "masked epilepsy,"  
Of "ligature methods" and the cause of  
dyspepsia;

Of "nasal headaches" and "wounds of the  
sinuses,"

And a hundred very strange things if you  
please;

Of "fallopian tubes" in cases of abscesses  
And "austus melandi," and other such  
messes;

Of "lids granulated" and "influences natal,"  
Of "hernia," "copia" and other things  
fatal;

But the one that we value the most as a  
human,  
Is what we have learned of the "treatment  
of woman."

## IN THREE ROUNDS.

A Missourian Defeats a Frenchman  
in a Hotly Contested  
Wrestling Match.

B. A. McFadden, proprietor of physical culture in the Marmaduke Military academy at Sweet Springs, and Lucien Marc Christol, the noted light weight champion of the world, met in a \$500 match at the opera house Friday night. The exhibition was a novelty in Sedalia and this fact served to attract a large audience of the lovers of athletic sports.

By invitation P. D. Hastain, Esq., the distinguished lawyer made an introductory address. He was received with a rousing round of welcome and acquitted himself most felicitously.

James Cloughly, of New York, seconded Christol and Eldred Harrison and Joe Watkins stood by McFadden. Gus Pehling preformed the duties of referee intelligently and satisfactorily.

Christol is a Frenchman and has wrestled in many parts of the world, having lost but 22 matches out of a total of 330. McFadden, previous to going to Sweet Springs, was connected with a St. Louis gymnasium. He is 24 years old—Christol's junior by 20 years.

The three rounds were short, sharp and decisive, though the struggle was intense and exciting.

Both men showed up in excellent form, though it was at once and plainly seen that the agile Frenchman was outclassed. He generously acknowledged this at the close of the third and last round. McFadden was received with ringing cheers and had good reason to feel proud of his victory over the hitherto invincible Parisian.

## TWICE IN TWO WEEKS.

Burglars Still at Work at Lamonte—Brown & Shultz  
Again the Sufferers.

Just two weeks ago, Friday night, the general store of Brown & Shultz, of Lamonte, was entered by burglars and a number of articles taken. Friday night the store was again entered. Entrance was gained through the door by the use of a chisel. The robbers made away with at least one suit of clothes, two pairs of shoes, two hats, shirts and several other useful and ornamental articles.

An attempt was made to crack the safe. An incision was by the use of a drill to the depth of about an eighth of an inch. But the burglars gave up the job as one too difficult to accomplish or were frightened away by some alarm.

The frequency of these burglaries at Lamonte is causing much alarm to the people of that village and every effort is being made to locate the perpetrators.

Two tramps were seen loitering around the town Friday lunching off cheese and crackers. They were young men with unkempt hair and rough faces. By some it is thought these are the guilty ones. The opinion, however, obtains among others that the work is done by local culprits.

## THE RAILROADS.

## THEIR DUTIES PLAINLY DEFINED.

Since the M., K. & T. went out of the hands of Receivers Cross and Eddy, considerable friction has occurred between the heads of the traffic and operating departments as to their respective duties, and much dissatisfaction has existed among the two branches of the service in consequence.

The new by-laws adopted by the company at its annual meeting in this city Wednesday will have the effect of doing away with any clash in the future between the traffic and operating departments. In conferring the title of general manager upon Vice President Purdy, the company also intrust to him the entire management of the property in the west, with full power and authority over every department of its business except the financial and accounting department, and shall be responsible for the safe and economical working of the road. He shall appoint and remove the heads of all operating and traffic departments and fix the compensation of officials and employees thereof. In short, the office of general manager on the M., K. & T. at the present time means more than it ever did, and there is but little ground left for disputes as to the extent of the authority of the general manager.

—Parsons Sun.

THE M., K. & E. ANNUAL.

It was reported in railway circles yesterday that when the M., K. & E. road stockholders meet in St. Louis Monday a formal transfer of the line would be made to the M., K. & T.

The M., K. & T. people own already the majority of the stock in the M., K. & E., and it has been expected for some time that sooner or later the road would be placed under their management. Confirmation for the rumor that this would take place Monday could not be gained last night. Vice President Gore and others were called on, and while it was admitted that such a transfer might be made there was no understanding that it would take place immediately. The interests of the roads are common, and the present management is expected to continue. Mr. Gore stated last night that it was understood the present directory of the M., K. & E. were to be re-elected. There will be a conference with the M., K. & T. directors, but what it will result in is a matter of conjecture. —St. Louis Republic.

"KATY" DIRECTORS WILL BE HERE MONDAY.

The M., K. & T. directors and officers recently elected at Parsons, Kans., are expected to arrive in this city to-morrow night or Monday morning, so as to be present at the annual meeting of the M., K. & E., which is to be held Monday. As to the changes among the departments located here nothing is yet known except that Mr. D. Miller has been appointed traffic manager, taking charge of a branch of work hitherto taken care of in the first vice president's and general managers' office.

It was expected at the local offices yesterday that Mr. Miller would arrive this morning and take charge of his new office. Mr. Miller is well and favorable known here, both in railway circles and otherwise, and will be given a warm greeting.

General Passenger Agent A. Faulkner is also expected back this morning from Houston, Texas, where he went last week to attend a formal opening of the new Houston railway. —St. Louis Republic.

## SPIKES.

—It is expected the Pennsylvania company will follow the Erie with a block signal system between New York and Chicago.

—To-day the Vandalia will put on a new fast train from New York to St. Louis. It is to leave New York at 9 p. m. Sunday and arrive in St. Louis 7:30 p. m. Monday.

—A rate of a fare and a third for the round trip on the certificate plan has been made for the following meetings: The Northwest Missouri Christian Endeavor, at Trenton, Mo., May 20, 21; Missouri Bankers, at Excelsior Springs, June 15-17.

## Morgan County Culpit.

Deputy Sheriff Ramsey arrested Elijah Jackson Friday night. Jackson is a colored man about 30 years of age. He was recently indicted by the Morgan county grand jury for defiling a ward, a girl of about 15 years of age.

Jackson was placed in jail to await the arrival of Sheriff J. M. Williams of Morgan county.

Sheriff Williams arrived in the city from Versailles, the county seat of Morgan county, Saturday afternoon, and returned in the evening with his prisoner.

Or high or low, or rich or poor,  
None would foul teeth or breath endure,  
If they but knew how sure and swift  
Was SOZODONT, that priceless gift,  
In giving beauty, life and tone  
To every charm the mouth can own.

## WILY WATSON.

"Bud" Watson, Colored, Passes  
a Forged Check on a Cloth-  
ing Company.

He is Taken in Hand Soon  
Thereafter and Lodged  
in Jail.

John A. Watson, familiarly known as Bud Watson, is in jail and is likely to remain behind the bars for some time. "Bud" has always stood ace high among the colored contingent in Sedalia. He is rather clever and fairly well educated. He is also a politician of some local repute.

Friday evening Watson stepped into the St. Louis clothing company's store, made purchases to the amount of \$17.50 and offered a check for \$20 in payment therefor. The check was drawn on the First National bank in favor of Watson and purported to be signed by "E. C. Ilgenfritz." The check was accepted in payment of the goods and the difference, \$2.50, paid to Watson in cash.

Mr. Goldberg of the St. Louis Clothing company, to assure himself that the check was all right, after Watson had departed with the goods, stepped into the Ilgenfritz Hardware company and interviewed C. E. Ilgenfritz. While the initials were reversed the signature to the check was evidently intended to be that of C. E. Ilgenfritz. Mr. Ilgenfritz denied uttering the check. With an officer Mr. Goldberg sought out Watson and caused his arrest.

The goods, except a shirt and tie, were returned to the clothing house as also was \$2 of the cash.

After Watson's arrest Officer Engelbrecht was standing near him with the forged check in his hand. Watson grabbed the check and tore it into many pieces. The pieces were gathered up, however, and will be used in evidence. Upon his person was found a check upon the Third National bank for \$3, drawn by Watson in favor of himself. The hand writing on the two checks are identical.

The hearing in the case will not take place until next Friday. It is known that Watson attempted to pass the check upon several parties aside from the clothing company, and this matter will be investigated and brought out at the preliminary hearing. Watson asked for and received a First National bank check at the "Old Wine Hall," corner Main and Osage streets, Friday morning. He filled out the check in the saloon and it is, perhaps, the one he afterwards passed.

## Colored School Entertainment.

There were a lot of happy children and fond parents gathered at Taylor's chapel Friday night. It was the occasion of an entertainment given by the pupils of the colored public schools of Sedalia. The board of education was present and so also was Superintendent Smith.

The entertainment consisted of recitations, essays, music and so forth, by the colored children and was in every way a most pleasant occasion, and heartily enjoyed by the children, the parents, the school board, the superintendent and the guests.
